

## Curriculum Vitaé

**Name** : SYED ZAHEER HOSSAIN

**Career objective:** Seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learning which will help me to explore new heights.

### **Trainings / Projects Undertaken:**

Name of Institute / Organization	Project Title	Description
SELF MADE PROJECT	TEXT UTILITY WEB APP	Build a web App using JavaScript Library i.e. <b>React.JS</b> . This is a Front-end website which uses some of the features of React.JS to manipulate change and perform some special functions on the text and copy text and use it. It also enables both Light and Dark themes. <a href="https://syed-zaheer-hossain.github.io/TextUtils/">https://syed-zaheer-hossain.github.io/TextUtils/</a>
SELF MADE PROJECT	TODO LIST WEB APP	This is a <b>HTML, CSS, and JAVASCRIPT</b> web app to make a to-do list. You can enter your TODOs, edit them, and delete them. This makes use of your <b>Browser's Local storage</b> which makes the data remain even if the page is refreshed.
SELF MADE PROJECT	BLOGGING WEB APP	This is a Web App made with the help of Back-End Libraries like <b>NODE JS, EXPRESS JS and Express – Handlebars</b> . This takes data from an API and displays the results in the website.
SELF MADE PROJECT	PASSWORD GENERATOR WEB APP	This is a simple <b>HTML, CSS, and JAVASCRIPT</b> web app to generate a strong password for your accounts.
